Review Frequency

This document shall be reviewed at least every 12 months, or sooner following a significant incident, change of operations, vessel modification, or change in applicable legislation.

Controlled Distribution

This document is a controlled distribution issued from the Franmarine document management system (DMS), which holds the master record, revision history, and approval log. The controlled digital copy is located in the vessel's SharePoint folder. Printed or downloaded copies are uncontrolled; refer to the SMS Document Register for the current revision status.

TABLE OF CONTENTS

1. PURPOSE

This procedure establishes the actions to be taken in the event of a collision involving MV Rohani.

1.1 Regulatory Reference

Marine Order 504 (2024), Schedule 1, Clause 12. COLREGs Rule 8.

2. IMMEDIATE ACTIONS

- Check for injuries to all persons on board. Administer first aid as required.
- Check for hull damage and water ingress. If taking water, refer to FUS-SMS-ROH-06I Flooding.
- If there is risk of sinking, prepare to abandon vessel and issue a MAYDAY on VHF Ch 16.
- If the vessel is seaworthy, reduce speed and assess the damage.

3. OBLIGATIONS AFTER COLLISION

The master shall, so far as they can do so without serious danger to their own vessel:

- Render assistance to the other vessel and its crew.
- Exchange vessel name, port of registry, and owner details with the other vessel.
- Not leave the scene until satisfied the other vessel does not require further assistance.

4. NOTIFICATION

- Advise the relevant port authority (refer FUS-SMS-ROH-05J for VHF channels) if in the operational area.
- Issue a PAN PAN or MAYDAY as appropriate.
- Notify the East Coast Operations Superintendent immediately.
- Notify the police if required (e.g. injury, significant property damage).
- Report to AMSA within 72 hours if the incident meets the threshold for a marine incident.

5. POST-INCIDENT

- Take photographs of all damage before any temporary repairs.
- Record all details in the vessel logbook: time, location, other vessel details, weather, damage sustained, injuries.
- Complete an incident report.
- Do not continue operations if the vessel's seaworthiness is in doubt.
